OYSTERS

Eastern Oysters (Crassostrea virginica)

This is America's native oyster – grown from the Gulf up to Canada and everywhere in between. It's said that oysters made their restaurant debut at New York's Broad Street Saloon in 1763.

Pacific Oysters (Crassostrea gigas)

Pacific Oysters originally hail from Japan but are now grown worldwide, from our West Coast out to Australia and New Zealand— and even on the shores of the UK! The Pacific Oyster species makes up roughly 75% of the world's oyster harvest.
